

HANGZHOU HERTZ IMP/EXP CO.,LTD

Material Safety Data Sheet

No.: MSDS-2024

Item		Material Safety Data Sheet
Products and supplier's data	Product	NdFeB MAGNETS
	Part No.	SB-GU-22X6-N42-N
	Specifications and Grade of products	Specifications: N42 DISC magnet 22X6 rubber coating
		Grade: N42
		Coating: Rubber
	Name of supplier	HANGZHOU HERTZ IMP/EXP CO.,LTD
	Address of supplier	1165# Moganshan Rd., Hangzhou, 310005, China
	Tel. of Supplier	+86-15168338586
	Post code	310005
Ingredients analysis data		Nd (Pr) : 24-33%; Fe: 62-70%; B: 0.9-1.2%; Dy: 0-1.5%; Other: (Rubber etc.)
Harm analysis data	Harm to health	1.Keep away from Children younger than 8 years.Swallow this ring magnet will hurt people's intestines 、 stomach and health. In case of swallowed this ring magnet, do go hospital immediately
		2.Collision of magnetized products with strong magnetic strength may hurt people's fingers.
	Influence to the environment	The environment-oriented products have been certified by CTI.Cd<2ppm,Pd<100ppm,Hg negative,Cr6+ negative
	Physical and chemical harm	Magnetized products with strong magnetic strength have detrimental effects on electronic products, such as cell phone
Storage data	Requirements on packing and storage	1) Magnetized products should be packed with lining and shielding ;
		2) Products should be stored in ventilated, dry and anti-corrosion places.
	Moving requirements	Move carefully with shaking-proof, collision-proof and rain-proof measures.
	Harms expectable in unusual conditions	1) Keep away from Children younger than 8 years.
		2) Cracks and chips of products ;
		3) Magnetization of magnetized products may collide into pieces or harm people
materials must be kept away	1)Keep away water and rain	
	2)Keep away iron-made goods	
Waste treatment	Way to treat waste	Sell to rear-earth producers
